
SUMMARY

As a driven individual, I seek opportunities to enhance my professional growth. As a highly motivated and goal-oriented student, I wish to develop social media apps with my friends. By leveraging technologies like VS Code and AI assistants, I consistently strive to stay at the forefront of the industry. I am a full-time student at GMU and have received college credit for my high school courses. Beyond academics, I have a keen interest in entrepreneurship books and weightlifting. Even during my most demanding days, I maintain a composed demeanor and persevere. And having a background in customer service, including experience in the food industry, I possess exceptional communication and organizational skills that would greatly benefit your company. I firmly believe that my skillset makes me an invaluable asset to your organization.

EXPERIENCE

Valero Franchise / 13295 Trowbridge Dr, Woodbridge, VA 22192 / March 2018 - July 2020 / Car Wash

First, I cleaned and washed the exteriors using ammonia and bleach, keeping the chemicals separate to avoid chloramine vapors. I then thoroughly vacuumed the interior. Using shampoos and detergents, I then removed tough seat stains. I then moved onto the tires and cleaned them using alkaline and acidic variations. Using all-purpose cleaners, I foamed the car to a sparkle. Finally, I utilized sponges to dry the car tires and wiped access water with towels.

McDonalds Franchise / 4245 Dale Blvd, Dale City, VA 22193 / May 2021 - August 2021 / Crew Member

As a cashier, I took orders at the drive-thru and outdoors. In this fast-paced environment, I served meals instantly to avoid testing people's patience. Additionally, I overlooked food delivery services to platforms such as Grub Hub, UberEATS, and Door Dash. I worked under the manager and aided assistant managers. I was slated for a promotion from Crew Member to assistant manager the next month, but I ultimately decided to pursue better opportunities.

Safeway Franchise / 4215 Cheshire Station Plaza, Dale City, VA 22193 / Feb 2022 - April 2022 / Cashier

By assisting with any problems customers may have, I provided excellent service. I was friendly, helpful, and maintained a positive attitude. I handled transactions from various payment methods, such as cash, credit cards, checks, and gift cards. I scanned and bagged items or sometimes manually entered their code. Familiar with the store's pricing, I confirmed discounts, promotional offers, and ongoing sales. I then assisted in carrying groceries to people's vehicles. Being familiar with the store's layout and product locations, I found specific items and suggested alternatives if an item is not available. I also handled returns and exchanges under the store's policies. I returned items and provided refunds or store credits accordingly. I took inventory counts and monitored stocks. Lastly, I cleaned and maintained the checkout area.

EXTRACURRICULARS

Vex Robotics / 2018 - 2022 / Coder and Builder

The objective is to create a robot from various metal pieces to achieve a desired output: winning. A team is composed of two smaller ones, with four members each. The created robot is controlled by a C++ controller and the match starts with a minute-long autonomous roaming period. Once one team wins, they compete against other winners until they reach Worlds Competition, where the winner takes all the glory.

Varsity Tennis / 2018 - 2020 / Teammate

Powered by tennis balls and rackets, the main goal of the game is winning. The winner moves up and competes again; the grand winner takes all the glory in the states round. Joined during the spring, specifically joined for the purpose of bettering hand-eye coordination, friendship, and heart health.

TECHNICAL

Software Microsoft Office Suite	Adobe Software Suite	Google Suite	Eclipse	NetBeans	Visual Studio Code	
JAVA	PYTHON	HTML	JAVASCRIPT	CSS	RUBY	SWIFT
Native Urdu Speaker	Fluent in English	Student in Spanish				

COLLEGE

George Mason University/ University Dr, Fairfax, 22030 VA, 4400 / August 2022 - August 26 / Full Time Student

Pursuing a bachelors and accelerated master's in computer science via an accelerated master's program. Currently enrolled in 13 credit hours for the second semester and seeking research credit in upcoming semesters. Participating in extracurricular activities such Muslim Student Association, tennis, basketball, and Pakistani Student Association.
